

A MESSAGE FROM
SIMPLY FRESH EVENTS
ABOUT COVID-19

Friends,

Simply Fresh Events is committed to providing delicious food and extraordinary service while adhering to and exceeding industry food safety standards, as well as those set forth by the local health department. The health and well-being of our valued customers, staff and community partners is our top priority, which is reinforced through regular food safety training with our team members.

In light of the growing concern over COVID-19, we have taken additional measures to help prevent the spread of the illness including the following:

- Increased frequency of cleaning, sanitation and handwashing.
- Staff training on how to recognize the symptoms of COVID-19 and a firm requirement to stay home if they feel unwell.
- Increased availability of hand sanitizer at all events.
- Strict policy on employee travel.
- Working closely with our venue partners to ensure cleanliness & sanitation standards are being met, not only in our kitchen, but in the event spaces as well.

We are constantly monitoring and following the recommendations of the [Centers for Disease Control \(CDC\)](#) as well as the [Montgomery County Health Department](#), and updating our team immediately of any changes.

During this challenging time, we are working closely with Nourish Now (www.nourishnow.org) to continue their efforts to feed those in need by preparing & donating 100 meals per week. Please consider a donation to help those in need.

We are excited to partner with you on your upcoming event and are here to help you through any questions, concerns or challenges you may encounter. Please feel to contact your event representative or coordinator at any time.
